

# Bread for Syria – Bakery of Grace

As a result of the war and of the economic sanctions, more than 4/5 of the Syrian population are currently living below the poverty line according to UN estimates. Bread is the only food item at the moment that protects people from hunger.

The Foundation „Korbgenossenschaft – Hilfe für Syrien“ is in the process of building a regional bakery in a Christian village, with a capacity to supply up to 10,000 families with bread on a daily basis. With state-subsidized flour and energy, 1 kg of bread (7 flatbreads) can be produced at € 0.10.

**Donations are still urgently needed. Anything you give will be used 1:1 for the project.**

Let's follow Jesus' command "They don't need to go away, *YOU* give them something to eat" (Mt 14,16). The poorest ones (orphans, chronically ill and destitute old people) will receive the bread for free.

**Let's join our efforts to make a pre-Christmas “bread miracle” come true in Syria!**

**May God bless you!**
