

STIFTUNG KORBGEMEINSCHAFT
HILFE FÜR SYRIEN

Please give your urgent help to starving people in Syria!

The long-lasting embargo, the economic crisis in Lebanon, the increased economic sanctions on the part of the US and the other Western countries, and the resulting problems in Syria such as galloping inflation, unemployment and poverty, the Caesar Act (which impedes any economic cooperation) and finally the Covid-19 pandemic paralyzing social and economic life – all of this exposes the Syrian population to the risk of starvation. The poor, the socially weak and disadvantaged, especially the elderly, children, sick and handicapped persons, suffer particularly from these extreme deprivations.

Without help from outside, the needy people who stayed in Syria can no longer survive. They urgently need our helping hands. Jesus looks at them today with compassion and asks us to feed them.

The Foundation "KorbGemeinschaft - Hilfe für Syrien" is doing its best to provide urgent support to people in times of famine.

With this call we urgently ask for donations to finance emergency aid packages. With the help of benefactors in Europe and our local partners, basic food and other urgently needed everyday items can be purchased at wholesale prices. **With a donation of € 30 you can ensure the survival of a family of 5 persons for 1 month.** Thanks to the help of many volunteers on site, your donations reach the needy people on a 1:1 basis.

God bless you for any help you can provide!
