Easter support for poor families in Syria

Syria has been experiencing fateful changes and uncertainties for months. Due to the political upheaval, hundreds of thousands of people have lost their jobs and slipped into deepest poverty. Millions are now living way below the poverty line in Syria.

Easter is quickly approaching. **The *Korbgemeinschaft* Foundation would like to help around 5,000 extremely poor families in several towns and villages with food parcels worth €15 each** (eggs, chicken, rice, oil, sugar, etc.), to convey Easter joy and compassion.

We trust in your loving and active support.

A heartfelt thank you for any contribution!
