

Christmas collection 2025 for children in Syrian

The degree of hardships suffered by many people in Syria is shocking and defies any description. A large part of the population is living far below the poverty line. Tens of thousands of houses and apartments are still in a deplorable state of destruction. There is a shortage of everything, including materials for renovation. Due to rampant unemployment, survival is no longer possible without support from outside. Let's help our sisters and brothers get through this difficult time.

In light of these severe living conditions, *KorbGemeinschaft* has been doing its best for several years to generate some rays of joy. **We have in mind about 5,000 children in several locations in Syria** who, in their short lives, have so far had to endure war, hunger, cold, and many other hardships.

Even small Christmas gifts tend to bring indescribable joy to children and to send a comforting signal to their parents that they have not been forgotten by the world.

We thank you from the bottom of our hearts for any support towards this project of Christmas joy. www.korbgemeinschaft.at/en
