HILFE FÜR SYRIEN

## **Easter support for poor families in Syria**

The ongoing hostilities in the Middle East unfortunately have devastating effects also on Syria. The poverty, which had already been severe before, has become even more dire. Thousands of families are once again threatened by famine. Easter is approaching, and it invites us to lend a helping hand to these people in need.

This year, too, ***Korbgemeinschaft*** would like to bring the joy of Easter and show compassion to **thousands of the poorest families in various parishes by providing them with food packages** (eggs, chicken, rice, oil, sugar). We would like to put together packages worth € 15–20. We hope for your generous support.

**A heartfelt thank you for  
any contribution!**
